

Mr. Nelson Lazo

C.E.O Doctors Hospital

Baptist Health South Florida

Dear Sir,

It is 2.30am so many thoughts going through my head I have decided to write them all down.

First of all I would like to say Doctors Hospital Baptist Health South Florida according to me is the best in health care. I live in the Bahamas (Nassau) I was injured at work in October 2013, because of the injury I had to have two surgeries one on my L spine and the other to my C spine, both surgeries did not go well I suffered great pain and discomfort.

It came to (Baptist) Doctors Hospital Baptist Health South Florida to have the surgeries done over, it was here I met Dr. Georgiy Brusovanik; Dr. Brusovanik is a God sent an angel in human form he is an awesome doctor his skills are far to none I don't think right now anyone in his field is as good as he, he's the best the knowledge and skill's he possess is seen when he execute his job.

Dr. Brusovanik treats his patients not only me but all with such compassion, kindness and concern, Sir it touches deep in my soul, he treats us people and not just a dollar sign (\$), I am from the islands and we believe strongly when a person does well or great at what they do, you say it, you tell it,

not just in secret but shout from the mountain top, when I arrived at Doctors Hospital Baptist Health South Florida in March 2015, I could not walk without the aid of a walker and a heavy back brace every step I took was so painful it was if I died a million deaths just to take one, I could not turn the right side of my body from the neck straight down and there was sharp pain going down my right arm, doctor after doctor, no help no relief, I was so depress, I never wanted to go out side, all I wanted to do was stay in my bed with the cover over my head, everything I ate felt like it was stuck in my throat, but today I can say because of Dr. Brusovanik I can walk, I put the walker down and did not take it back up, I no longer need the back brace, I can turn my body, I can touch my toes I can do all of this without any pain, I am pain free after having the surgeries, I have been given a new lease on life "look out world here I come" Mr. Nelson please help me tell Dr. Brusovanik how well please I am, I am a satisfied customer, his team are the best, Daisy is so good with the patient, her concern and kindness will forever be recorded in my heart, Dr. Jessica (foundly call Dr. Jess by me), Melissa, Chrissy, Dr. Calender the whole team I have to give it to them they are the best. Dr. Sandee Bristow is not only beautiful on the outside but on the inside to, she is the best in pain management, the Dr. Bristow is top notch a great asset to your company, Dr. Brebag knows his job oh such

Such great team of doctor's each awesome in their rightful field, in fact your physician team are the greatest they are a good fit, it will be in your best interest and in the interest of your facility not to loose any of them it will be a great loss.

Mr. Nelson Please bear with me, I know my rambling might be a bit to much for you, but hey I am sick and if I took the time to write it will be so honored if you takes the time to read it, the saying are honest, and true this is my exepience of Doctors Hospital Baptist Health South Florida.

Sincerely,

Dallanese Dorsett 10/15/15
